

"We," says William Feather in Imperial Type Metal magazine, "are indebted to the mother of a one-year-old baby for telling us how to batten down a house before turning a crawler loose. She proceeds as follows:

"Empty the ash trays; shut the door leading to the basement; put the lid down on the toilet; put the screen in front of the fireplace; close the closet door; take away the remains of the dog's dinner; rack up current mail, newspapers and magazines, and warn the older children to watch their step.

"Our informant says it is wise to forget about electric light cords and sockets, shade cords and curtains, empty ash trays, coffee tables and all the other standard household fixtures. It's easier to crawl around with the baby than overcome all these hazards, she says. She believes a mother who worries about them would be better off living with her crawler in a padded cell.

"This mother believes crawlers are entitled to free access to the kitchen cupboard containing the pots and pans. If they are determined to do damage they can accomplish it there with the least harm and the loudest din."

Ability of Counterfeiter Astounding

St. Louis, Aug. 10 — (AP) — Federal authorities are astonished at the counterfeiting ability of a foundry molder who tried to out do the treasury department in craftsmanship.

The government is fortunate, they said, that he didn't put his bogus bill factory on a mass production basis.

Scholarly Melvin Godfrey Parsons, 57, arrested by secret service agents at his farm cabin near DeSoto Tuesday night, says he took up the study of fine engraving as a hobby.

"Parsons was trying to produce better money than the treasury department," said U. S. District Attorney Drake Watson.

"After talking with the agents on this case, it is my opinion that if the plates had fallen into the hands of some counterfeiting syndicate more interested in quantity production than quality, his bills could have had a chaotic effect on our monetary system."

Parsons, who never attended high school, made the St. Louis public library his classroom. There he studied such subjects as calculus, chemistry, and engraving.

The ten-dollar counterfeit bills were engraved on bonafide paper stock, obtained by bleaching real one-dollar bills. Parsons made new plates with different serial numbers each week. Using expensive chemicals, he manufactured his own ink. It was in this that his bills lacked perfection.

Because the bogus bills were slightly dark, the secret service had turned up \$11,600 worth of the \$20,000 to \$14,000 Parsons and two others are accused of passing in 23 states. A tip by a suspicious merchant who took down an auto license number led to the arrests.

The self-educated engraver, jailed when he was unable to make \$25,000 bond, said he started counterfeiting while working in a San Francisco foundry.

Four years of work produced a profit of only about \$2,000 for him and the two persons arrested with him, Parsons said.

Why, then, did he continue such an unprofitable venture?

"Well, we didn't make any money out of it," Parsons said. "But like race horses getting into your blood, it got to be a hobby with me and I couldn't get away from it."

"Good engraving just intrigues me."

Hope Teachers on State AEA Committees

The names of three Hempstead county teachers appear on the list of Arkansas Education Association committee members announced last week by Miss Cecil Bivins, Hartman, president of the association. J. H. Jones, superintendent at Hope, has been appointed a member of the Tax Study Committee; E. R. Brown, county supervisor, as president of the county association, will serve as Membership Chairman for the county; and Forney Holt, Hope, as Co-Chairman. Officers of the Hempstead county education association to serve for 1950-51 are: E. R. Brown, Hope, president; Forney Holt, Hope vice president; Norman Jones, Rt. 1, Hope, secretary-treasurer.

WEATHER FORECAST
Arkansas — Partly cloudy this afternoon, tonight and Friday. Scattered thundershowers in the north portion Friday. Not much change in temperature.

Corporation Tax Gets Approval of Committee

Washington, Aug. 10 — (AP) — The senate finance committee today unanimously approved President Truman's proposal for a \$1,500,000,000 a year increase in corporation taxes — boosting the top corporate income rate from 38 percent to 5 percent.

The committee acted shortly after President Truman told a news conference that an excess profits tax will be enacted eventually.

The committee ruled that the higher rates shall apply as of July 1, 1950. It refused to accept Mr. Truman's proposal that the increases apply to all of 1950 corporate income.

The corporate increase is part of Mr. Truman's overall \$5,000,000,000 tax increase proposal, to help finance the Korean war and America's armament against Communist aggression.

The committee probably will vote tomorrow on the President's proposal for a \$5,000,000,000 increase in taxes on individual incomes — raising the rates by 20 percent in some income categories.

The corporate rate approved today would be 25 percent on the first \$25,000 of corporate income, and 5 percent on income above \$25,000.

President Truman said that he would of course approve an excess profits tax if it is added to his \$5,000,000,000 interim tax proposal.

Mr. Truman said, however, that such a tax was every controversial and should not be permitted to delay action on the original White House proposal.

He said congress will be in a better position to act on an excess profits tax after November when it won't have election jitters.

15 Votes May Decide 12th Chancellor

Little Rock, Aug. 10 — (AP) — Only 15 votes today separated the two candidates for Democratic nomination as Chancellor of Arkansas 12th district.

With returns from Tuesday's primary virtually complete, Graham Sudberry, Elytheville, had 12,751 votes and Leon Smith, also of Elytheville, had 12,736.

The district is composed of Greene, Craighead, Crittenden, Mississippi, Clay and Poinsett counties.

Four small boxes still were unreported. The Sudberry-Smith race was the closest of the few judicial and legislative contests still undecided from the primary.

State Senator Ernest Nicholson of Harrison led by 122 votes over former Senator Roy Milum, also of Harrison, on incomplete unofficial returns for the senatorship from the seventh district.

The vote, with some boxes from Newton county missing, was Nicholson 5,401, Milum 279.

Newton county election officials reportedly had quit counting until the official canvass Friday despite a state law which requires counting to be "continuous until completed."

The latest tabulation on the quickly-decided statewide races on Tuesday's ballot showed that for one Supreme court justiceship Sam Robinson, Little Rock, had 131,100 votes to 105,758 for Leffel Henry, also of Little Rock; for the other justiceship, Paul Ward, Batesville, had 130,088 votes to 105,785 for Richard B. McCulloch, Forrest City.

The tabulation was on the basis of 2,066 of the state's 2,252 precincts.

Mrs. Ferguson Succumbs at Home Here

Mrs. Phonia Ferguson, aged 64, died at her home here late yesterday.

She is survived by three sons, Orville LeGrand of Memphis, Ollie and Douglas LeGrand of Hope, a daughter, Mrs. Altha Harmon of Detroit and a sister, Mrs. Mary B. Sapp of Owensboro, Ky.

Funeral services will be held at Herndon-Cornelius Chapel at 2 p. m. Friday with burial in Ayers Cemetery.

Student Safety Program Is Planned

Little Rock, Aug. 10 — (AP) — Safety programs for Arkansas students will be emphasized in September with a statewide contest. Mrs. J. A. Bourne, chairman of the safety committee of the Arkansas congress, parent-teacher association, said today the contest will be sponsored by the PTA group.

At the Arkansas safety conference, which will be held here on Sept. 25-26, recognition will be given to the organization in the state presenting plans for the most comprehensive and effective safety project set up and carried out for the students of any particular area.

Renews Fight to Avert Rail Strike

Washington, Aug. 10 — (AP) — The White House is making another effort today to keep a big railroad strike from breaking out in the midst of the Korean war crisis.

Union leaders representing 300,000 conductors and trainmen are demanding a 40-hour work week.

President Truman's special assistant, John R. Steelman, a veteran labor trouble shooter, was disclosed yesterday to have been in closed-door conferences with representatives of the major railroads and the two unions for two days. The sessions were scheduled to resume at 9 a. m. (EST) today.

None of the parties would discuss the White House talks, which also were attended by members of the national mediation board which administers the railway labor act.

The two unions want a 40-hour work week without loss in pay, a concession made by the railroads to more than a million members of the 17 non-operating railroad unions a year ago.

A presidential fact-finding board recommended against the shorter week at the same pay in its report to Mr. Truman in May. Under procedure of the railway labor act members of the conductors and trainmen's unions were free to strike after July 15 but they put off such action indefinitely because of the international situation.

A third union, the switchmen, walked out on five western railroads over the same issue, but their strike was called off voluntarily on four lines and by court injunction on the fifth.

RFC Shaken Up by the President

Washington, Aug. 10 — (AP) — President Truman has shaken up the top command of the reconstruction finance corporation (RFC), multi-billion dollar lending agency which congress wouldn't let him make an adjunct of the commerce department.

Apparently tipping off almost no one in advance, Mr. Truman late yesterday dropped two members of the off-criticized RFC board of directors, including Chairman Harley Hise, and named three new members to the five-man board.

RFC has been the target on increasingly hotter congressional fire for such ventures as a \$37,500,000 loan to the now bankrupt Lustron corporation and for putting tax money into a Nevada hotel whose revenue comes largely from a gambling casino.

Nevertheless, congress last month rejected Mr. Truman's proposal to take away the huge lending agency's independent status and make it an arm of the commerce department, under supervision of Secretary Sawyer.

This is what the president did:

1. Dropped Chairman Hise, a Democrat, and Harvey Gundersen, a Republican, from RFC's board.

2. Retained from the present board William E. Willett, a Democrat from Maryland, and Walter Lee Dunham, a Republican from Michigan.

3. Named as new members C. Edward Rowe, a Massachusetts county court justice, a Democrat; Walter E. Cosgriff, a Salt Lake City bank president, a Republican; and W. Elmer Harber, a bank president in Seminole and One post on the five-man board had been vacant since the resignation of Henry A. Mulligan several months ago.

Russia Revives Berlin Trouble With Threat

By DANIEL DE LUCE

Berlin, Aug. 10 — (AP) — The Communist East German government asked Russia today to protect the Soviet zone from alleged dropping of incendiary bombs by U. S. planes. This raised the possibility of a Soviet attempt to blockade American planes from Berlin — a step which might touch off the east-west powderkeg here.

The Communist government forwarded to Moscow a report by Minister of Interior Karl Stenboff that incendiaries were loosed on East German farm centers by American aircraft on two occasions last month. (The U. S. air force headquarters in Wiesbaden has denied American planes were involved.)

The East government's appeal to Moscow for "protection" came on the heels of a hint yesterday by the Soviet control commission's official newspaper that a Soviet air blockade of Berlin may be in the offing.

Tagliche Rundschau published an interview with a Communist worker who demanded that the Soviet union bar American planes from flying over East Germany to prevent "our entire crop from going up in flames."

Soviet Zone Propaganda Chief Gerhart Eisler, a fugitive from U. S. prosecution, said this resolution was adopted today by the east German cabinet.

"The government has received with indignation the report of Dr. Stenboff, minister of interior, regarding dropping of incendiaries on the territory of the east German democratic republic. The government is transmitting the report on the investigation of measures to protect the population against such criminal attacks."

Logger Dies

Texarkana, Aug. 10 — (AP) — Bert Qualls, 55, of Fouke, Ark., died here last night of injuries suffered Tuesday when a tree fell on him during logging operations in the Rondo community, five miles south of Texarkana.

His widow, four daughters and five sons survive.

America Is Producing Candy, Gum and Toothpaste for Her Soldiers But Not Tanks

(Editor's note: This is the second of two columns comparing the fighting habits of American and North Korean soldiers.)

By HAL BOYLE

With U. S. Troops in Korea — (AP) — One of the tragedies of the Korean war is that America has been able to supply its outnumbered troops with many of the comforts of home — but as yet hasn't delivered enough men or tools to win victory.

They are on the way—but many an American frontline doughboy unit would gladly give up its occupational ration of beer for a few more fresh soldiers or slugging Patton tanks.

"It wasn't this way in the last war," is a typical frontline comment.

The fact there are stacks of tooth brushes and razor blades here but very few modern tanks shows two things about the American soldier and the nation behind him:

1. The soldier likes the comforts and conveniences of peace in wartime so far as they are possible, and his country likes to give them to him.

2. The United States has been in a better position to make its candy bars in mass production. Tanks haven't been mass-produced.

The enemy has gambled on guns and rice rather than on chewing gum and hair tonics. And it is men, guns and rice they have.

"We should have insisted that both sides fight this war with tubes of brushless shaving cream," bellyached one American tankman. "Then we could have smothered them from the start. It would take them years to catch up with the edge we go in shaving cream."

This whole situation points up the major difference between GI Joe and the North Korean fighting man. The American fights on a tradition he will have plenty of everything. The North Korean

Forestalled Gang Fight Say Police at Texarkana

Texarkana, Aug. 10 — (AP) — Police say they have forestalled a fight between teen-agers armed with home-made guns powerful enough to kill a mule.

Police Chief Jack N. Runnels said officers rounded up 30 such weapons Monday and Tuesday.

The guns, modeled after pistols, shotguns and rifles, were made of wood, lead pipe and adhesive tape. They fired shells or rocks with a gun powder propellant charge touched off by fire crackers.

Runnels said officers learned that boys who made the guns intended to choose sides and stage a war in a gravel pit near here. He said the boys ranged in age from 13 to 15.

Portland Says Hoarding Is Eliminated

By EARL ARONSON

Portland, Me., Aug. 10 — (AP) — The Home Defenders of Freedom claimed victory today in their anti-hoarding fight. And communities across the nation are showing increased interest in the Portland plan.

"There's practically no hoarding in greater Portland now," said Edward H. Kessler, Jr., a leader of the Defenders.

In fact, said Kessler, hoarding just about ended with the buildup for last Sunday's start of the campaign.

Kessler said a check of 25 food stores showed there have been no runs this week on sugar, coffee, bacon or canned meat. Clothing and dry goods stores said sales of nylon stockings, sheets and men's shirts are normal.

"We're pretty confident" that hoarding had just about stopped before Sunday, said Kessler, who is executive manager of the Portland chamber of commerce.

The Portland plan against stocking items that became scarce in wartime began with a flood-light rally at which 4,000 persons took a pledge to be "Home Defenders of Freedom." This is what they promised:

"We don't know how many cards have been signed," Kessler said. But he says the goal is near. Greater Portland's population is over 100,000.

Lucas Shrugs Off Truman Nominations

Washington, Aug. 10 — (AP) — Senate rejection of four of President Truman's nominations to government posts was brushed aside by Democratic Leader Lucas of Illinois today as just an old senate custom.

"This was no act of President Truman's popularity in the senate," Lucas told a reporter. "When senators have objected to nominations, they usually have been refused confirmation as long as our government has been in existence."

Other senate veterans said they could not remember when four separate presidential appointments had been denied senate confirmation in a single day's session, as happened yesterday.

A log-jam legislation actually produced the pipe-up because some of the rejected nominations had been pending since as far back as June 1.

Republicans were expected to try to make political capital out of the senate actions in the coming election campaign.

Only one of the nominations was put to a record vote — that of Martin A. Hutchings of Virginia to be a member of the federal trade commission.

Facing the firm opposition of Senator Byrd (D-Va.), Hutchings was snubbed under by an adverse 59 to 14 total.

Only 13 Democrats voted yes, aided by Senator Langer (R-MD). As against the 13 favorable Democratic votes there were 25 Republican votes plus 34 Republicans.

The other Truman nominees turned down, who had been serving under recess appointments, were:

Frank E. Hook, former Democratic representative from Michigan, for a job as a member of the motor claims commission.

M. Neil Andrews, as a federal district court judge in northern Georgia.

Carroll O. Switzer as a federal district judge in southern Iowa.

Truman Accuses Russia's Malik of Filibuster

Washington, Aug. 10 — (AP) — President Truman accused Soviet Russia today of filibustering in the United Nations security council.

He said the Russians were filibustering, no doubt about it.

In a news conference discussion Mr. Truman lauded Warren Austin, U. S. representative on the council, for doing what he said was a good job.

Once again the President rejected the idea of a meeting with Premier Stalin and other heads of state. But he said he would decide later if such a suggestion were made, on whether there should be a meeting of high level leaders of the United Nations after settling of the Korean crisis.

In hitting at Russian filibustering, Mr. Truman obviously was referring to obstructionist tactics by the council president and chief Soviet delegate, Jacob Malik.

Malik has been using council meetings for oratorical propaganda blasts to such an extent that not much business can be done.

At Lake Success, council members planned to meet informally with Malik today to try to get him to stop his delaying operations. They held in reserve a threat to meet speech with speech.

Mr. Truman was asked what he thought of the tactics of Malik and the Russian delegation.

He said he wasn't interested in their tactics but was highly pleased with the performance of the United States and British delegation.

He added that he doesn't like filibustering and the Russians are filibustering—no doubt about that.

Lake Success, Aug. 10 — (AP) — Security council members planned a closed, informal meeting today with their Russian president, Jakob A. Malik, in an effort to persuade him to break his procedural blockade in the council.

If they fail, the regularly scheduled council meeting this afternoon is likely to set off a flood of anti-Communist oratory for the rest of August to match Malik's propaganda blasts.

Many council sources agreed there was little chance of winning concessions from Malik. In that event, the western delegates planned to match the Russian, speech.

Snap Trap in 13-Mile Gain to Outskirts of Chinju; Red Push Erupts in North

Tokyo, Friday, Aug. 11 — (AP) — U. S. troops yesterday drove 13 miles almost to the outskirts of Chinju and snapped shut behind them an armored trap on possibly 1,000 enemy troops.

It was his biggest single day's gain of the war for American forces.

As Chinju, major enemy base in South Korea, tottered, North Koreans at the other end of the 10-mile front tumbled within eight miles of a U. S. east coast fighter base before being halted.

General MacArthur's war summary said South Koreans checked the enemy drive eight miles west of Pohang. The fighter base is near this city 63 miles north of the port of Pusan.

The enemy also loosed new attacks along the northern front, putting renewed pressure on the important supply city to Taegu, 55 miles northwest of Pusan.

They were advancing against resisting South Koreans on a front about 30 miles north of Taegu. The enemy still held a Nakdong river bridgehead 20 miles southwest of Taegu against fierce American attacks. Another bridgehead 12 miles northwest of Taegu was reported wiped out.

U. S. Eighth army leaders took hasty steps to protect the fighter plane base. It is eight miles south east of Pohang on the Sea of Japan 55 miles north of Pusan.

Two Red forces rolled back crumbling South Korean troops there. AP Correspondent H. Boyle at Pohang said the Reds were protected from American naval guns by lofty mountains in some of Korea's most rugged country.

The Pohang bound Communist hammered down from Yongdok, 10 miles north of the city, and drove on four miles to the south.

The main threat to the fighter base came from another Red force rolling toward it from the mountain village of Kigye, eight miles northwest of Pohang. A North Korean patrol of 30 men commanded the Yongchon-Pohang supply road with machine guns.

Four U. S. Mustang fighters were shot down by ground fire after taking off to machinegun the invaders. One pilot was lost and three were rescued, Boyle reported.

Twenty-nine miles southwest of Taegu, the main U. S. base on the central front, a battalion of Reds held off elements of the U. S. 24th and Second divisions on the banks of the Nakdong river.

American planes, including 70 B-29's from Japan and Okinawa, plastered the North Koreans. The air force said the B-29's badly crippled northern rail lines with the biggest raid of the war on Wonsan, east coast rail center north of the 38th parallel. The big planes caught the 25 track-wide rail yard jammed with traffic, ammunition, fuel, food and other supplies went up in a gigantic fire.

The U. S. 8th army headquarters in a communique at 9:45 p. m. (545 a. m. CST) Thursday said United Nations troops battled aggressively on all fronts to expand gains in the south.

Elements of the 24th division tried to dislodge river-crossing Communists dug in southwest of Taegu but were unsuccessful.

The First U. S. Cavalry division annihilated another enemy force northwest of Taegu about 7 p. m. (3 a. m. CST) Thursday, killing 300 Reds and capturing 200, the communique said.

Farther north on the 140-mile front, South captured three Russian-made tanks in close fighting. Planes knocked out six more.

The allied gains on the south coast were the biggest of the United Nations offensive which jumped off Monday westward from near Masan, south coast port.

Minus Green, 80, Dallas druggist and a former resident of Prescott for many years, died yesterday enroute to a son's home in Pine Bluff.

Funeral services will be held Friday at Prescott's DeAnn Cemetery.

He is survived by six sons, Paul of Pine Bluff, Horace and Joe of U. S. Army, Horel of California, Hugh and Charles Green of Beaumont, two brothers, Henry of Stevens and Warren of Shreveport, and a sister, Mrs. Molly Otwell of Willsville.

Ex-Resident of Prescott Succumbs

Minus Green, 80, Dallas druggist and a former resident of Prescott for many years, died yesterday enroute to a son's home in Pine Bluff.

Funeral services will be held Friday at Prescott's DeAnn Cemetery.

He is survived by six sons, Paul of Pine Bluff, Horace and Joe of U. S. Army, Horel of California, Hugh and Charles Green of Beaumont, two brothers, Henry of Stevens and Warren of Shreveport, and a sister, Mrs. Molly Otwell of Willsville.

Adult Club Leaders Name Officers

Fayetteville, Aug. 10 — (AP) — J. R. Lawrence of Fayetteville (Dallas county) has been president of the adult club of Arkansas for 1950-51.

Curry E. Coker of Fayetteville was named vice president. District vice presidents include Mrs. J. R. Lawrence, H. A. Koser of Fayetteville (Arkansas), and H. A. Koser of Fayetteville (Arkansas).

70 Superforts Bomb North Korean Port

Tokyo, Aug. 10 — (AP) — B-29 bombers from Japan Okinawa bases pounded North Korea's rail and sea communications today with the most powerful air strike since the war.

Waves of B-29's bombed the railroads, the big Chosen (Korea) refinery, and the big Chosen (Korea) refinery.

More than 400 tons of bombs were dropped on three Wonsan targets and more tons were unleashed against strategic targets in the Communist transportation network of parallel 38.

Early reports on the results of the attack showed that the total of 925 tons of bombs caused damage to the Communist transportation network of parallel 38.

The center of the huge railway switching station filled with loaded trains, a B-29's struck. FEAR said aim was accurate.

The switching center tracks wide, it handles all traffic moving down the coast. Many trains were up into Wonsan by previous blows at Pyongyang, the sea's rail system.

The Chosen oil refinery, annual production of 100,000 tons of oil, its storage capacity of 20,000 barrels, hit the heart of the refinery is the largest men plant in the world. The plant produced, available, motor, fuel, lubricating glycerine and potash.

Many Melons Shipped From Hope Daily

Approximately 25 truckloads of watermelons and cantaloupes are shipped daily from Hope, Ark., to the Chicago market.

Market each day according to R. Babb, manager, who estimates that more than 600 melons have been moved from Hope during the current season.

Trucks are from practically all parts of the county and are paid for by the Hope Melon Growers Association.

This is due to superior quality melons grown in this area. Price averages from 75¢ to 1.00 per hundred.

The highest price paid was \$1.00 per hundred for the largest melons. The market has a 100-pound limit on the size of the melons.

Most of the melons are shipped to the market and are sold at the market. The market is located in Chicago.

Prices are higher here than in other sections, as a result of the high quality of the melons.

Monts and McWilliams, seed store operators, have 38 carloads but closed last week. At the same time, Temple Cotton Oil Co. of truckloads have been shipped each day.

Many, many more melons have been sold direct from the growers. There is no way to check the total.

adding but nothing's quite done. Economic controls? Social Security? Anti-Communist laws? All in the works. Not ready yet. Coming along, though.

economic controls — the bill to give the President controls over prices, wages, credit, materials.

The house kicked this one around the better part of last week. It marched up the hill and then down the hill by undoing all it had done.

So this week it started all over

again. Worked yesterday on the bill and expected to finish up on it today.

Today, too, the senate was to tackle the economic control bill. But it seemed unlikely the talkative senate would finish up today.

Even so, when both houses finish, if the two bills passed by them are different, then—

Both houses will have to appoint a joint committee — called a conference committee — to iron out the differences.

When that's done, the agreed upon single bill will have to go

back to both houses for approval. And then there's the business of social security.

Last October the house passed a bill making wide changes in the social security law.

But the senate didn't get around to doing anything on it till this summer. When it did, its approved bill was different from the house's.

So the two houses appointed a conference committee, which finally after a couple of weeks worked out the differences.

But some changes were made which President Truman didn't like, and he said so, urging con-

gress to knock out what displeased him.

This agreed upon social security bill, involving money for millions of people, was supposed to have been shoved through both houses a couple of weeks ago.

In the general rush of business, it got sidetracked. And finally the house arranged to take it up today. But—

Since the house still hasn't finished the economic control bill and wanted to do so today, late yesterday it decided to hold off its approval on the social security bill till next Wednesday.

The senate won't take up this

bill until the house has acted on it, so that means no action by the senate until late next week or maybe the week after.

Even so there's a chance, although probably not a great one, that the whole social security bill will wind up being sidetracked for the rest of this year.

Then there are the Communists and the problem of what controls the government should have to put a crimp in them, in spying and in sabotage.

All year congress has talked about this one. On Tuesday Mr. Truman told congress to be care-

ful and not go to extremes. His reason: Fear that in its zeal to curb Communists congress might pass laws that later could be used against any political party or group that disagreed with the party in power in Washington.

Some members of congress think the President doesn't go far enough in suggesting what he thinks should be done to handle Communists and give the government weapons against spies and saboteurs.

Groups in the house and senate want to go much further. So that's more unsettled business. And there are, of course, plenty of oth-

er things which congress hasn't finished up on yet.

Meanwhile, all this is being done in an air of uncertainty about the future, since no one can predict what Russia will do or what new battles the U. S. will have to fight besides the one in Korea.

Gets New Job

Little Rock, Aug. 10—(P)—Governor McMath today announced the appointment of W. R. Orton as a member of the Arkansas tax commission.

Orton, who recently resigned as director of the state revenue de-

partment's income tax division because of ill health, will succeed Pat Mullis of Dumas, Ark.

Mullis was appointed attorney for the public service commission.

The cockroach is a most immaculate insect and always keeps well groomed.

Attempted Murder, Suicide Is Verdict

Blytheville, Aug. 10—(P)—A coroner's jury this morning returned a verdict of attempted murder and suicide in its investigation of

the double shooting here July 30 which resulted in the death of Don M. Edwards, Blytheville business man, and serious wounding of his wife.

The jury reconvened here this morning after a recess of 10 days which was called to await improvement in the condition of Mrs. Edwards, who now is in Baptist

hospital Memphis.

A report of the jury's verdict said Edwards' death was caused by a "self-inflicted wound while suffering from a mental impairment."

The jury's verdict also stated that Edwards "shot Mrs. Ruth Edwards, his wife, and then killed himself."

Customers' Corner

These are salad days at A&P.

Are the tomatoes ripe, but firm, as they should be?

Is the lettuce crisp and sweet?

Are all the other vegetables fresh, clean and appetizing?

You'll be doing us a favor if you let us know any time you find any of our produce below par.

Please write: Customer Relations Department, A&P Food Stores, 420 Lexington Avenue, New York 17, N. Y.

Governor Warns of Gambler in Hot Springs

Little Rock, Aug. 10 — (AP) — Governor McMath declares "there are not going to be any gambling syndicates in Hot Springs while I am governor."

But he indicated yesterday that he didn't plan to do anything to try to stop smaller scale gambling in the resort city which is his home town.

"It looks as if they want an open town," he said commenting on results of Tuesday's democratic primary.

WHAT AUTHORITIES SAY:

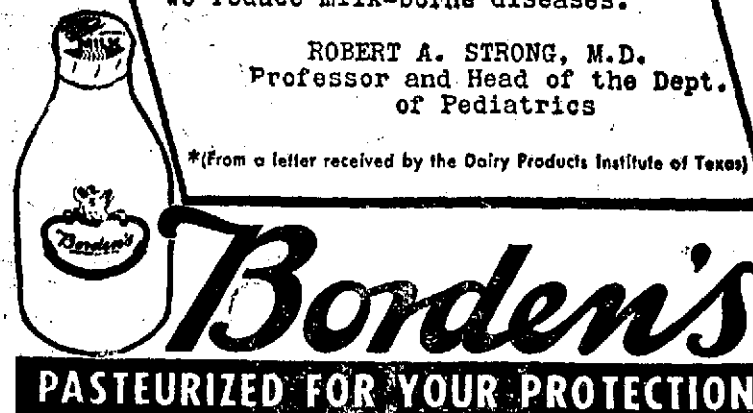

"WE HAVE CONSISTENTLY EMPHASIZED THE IMPORTANCE OF PASTEURIZING ALL MILK"

TULANE UNIVERSITY OF LOUISIANA
SCHOOL OF MEDICINE

"We have consistently emphasized the importance and desirability of pasteurizing all milk used as human food....In other words, we believe that producers should be required to adhere to the recognized specifications for Grade A milk and then...the finished product should be pasteurized. Only in this way can we reduce milk-borne diseases."

ROBERT A. STRONG, M.D.
Professor and Head of the Dept.
of Pediatrics

(From a letter received by the Dairy Products Institute of Texas)

Fair Enough

By Westbrook Pegler
Copyright, 1950
By King Features Syndicate.

New York, Aug. 9—I lunched recently with a Catholic priest who takes pride in a degree of doctor of philosophy which he got for a thesis in favor of the closed shop. I regard the argument as specious pleading in support of an artificial attitude assumed for the purpose of wheedling labor away from the Communists who caught the Catholic and Protestant American clergy flatfooted and organized the C. I. O. although this is my own conviction arrived at by independent process. I find myself in the good company of other priests, including one Jesuit.

Dorothy Gray
Daintiness Cream

John P. Cox
Drug Co.

Father who admitted substantially just that. My companion expressed confidence in Philip Murray, the president of the C. I. O., and tried to turn off my observation that Murray for a long time collaborated with the Communists. Murray is a Catholic. The reverend father said Murray never had been in favor of Communists. I disagree but insist that Murray is not to be trusted for either of two reasons: (1) He is an opportunist and turncoat who knew only too well the game for and with Communists, or (2) He is too dumb.

In support of this position I cite the fact that Murray wrote a plea for Harry Bridges and against the order of deportation which was issued in the second of three long and absurdly complex and expensive federal proceedings. That order, presently was revoked by an unpatriotic decision of the supreme court plus a hysterical, if not insane, special concurrence by the late politician Frank Murphy.

Bearing in mind that this was the same Bridges whom Murray now opposes as a Communist, suppose we try to reconcile the following plea by Murray published a few years ago:

"I have read with care the opinions recently rendered by the judges of the United States circuit court of appeals in the case of Harry Bridges. The majority affirmed the determination of the Attorney General (Biddle) to deport Bridges. A minority, Healy and Garrecht, dissented. Their opinion is attached hereto. I commend the reading of it to every American who cherishes our liberties."

You are invited to note that the majority opinion, which is the law, was not "attached hereto" lest the readers of Murray's brochure be persuaded that Murray's pal and accomplice was guilty. A minority opinion is nothing but the erroneous comments of judges who are mistaken. It is erroneous because they are legally wrong.

"The issue in this case," embraces more than the possible deportation of Mr. Bridges," Murray wrote. "The opponents of Harry Bridges are the industrialists who seek to exile him and to destroy the union he leads." Because he was "guilty" of the "crime" of organizing the unorganized. A memorandum issued by the department of labor confirms this. It recites that "his deportation was then (1934) and later urged by the interests, which he had antagonized," two of whom were the industrial association of San Francisco and the associated farmers of California, steadfast proponents of the open-shop principle."

Murray here cites an unverified comment by a government bureau which is defiantly partial to unions without discrimination against communist traitors in many dominant positions. The reader will note that the citation is meaningless except as deliberately inflammatory propaganda. Incidentally the deportation was urged also by many patriotic societies, including veterans' organizations.

"For this 'crime,'" Murray continued, "Bridges has been the object of relentless investigation. Search during 1935 and 1936 for ways to deport Bridges brought nothing but condemnation of the immigration service for the worthless evidence supplied by the informer. Powerful interests next made an effort to utilize the house appropriations committee of the 74th congress as the forum before which bridges might be pilloried. But the commissioner of immigration testified that 'there is not a shred of evidence in our files to indicate that he is any way subject to the provisions of the immigration law because of his radical views.'"

The Murray screed continues in this vein, holding up Bridges as the persecution of labor suffering martyrdom at the hands of "implacable opponents to trade unions."

"The C. I. O. will continue its aggressive campaign in the defense of Mr. Bridges and the interests of labor," wrote the saintly hypocrite who now appeals particularly to Catholic workers for their confidence and contributions. "If the principle underlying the verdict stands, every alien who seeks to build a labor organization in this country is in jeopardy and with him the labor organization he leads."

Pursuing that thought I refer to a similar pro-Communist brochure entitled "John Santo, American," published by the John Santo defense committee in an effort to prevent the deportation of a communist union leader.

On the inside of the front cover is a photograph of Philip Murray and, beneath it, this text:

"John Santo, national director of organization for the transport workers union, has served the working people of the United States by improving their wages, hours and working conditions. Sgt. Santo served in the U. S. army over three years at the time of mortal peril to our beloved country. Now they want to deport him, charging him with being undesirable and un-American. There is no decency, no fair play, no justice in these deportation proceedings. The C. I. O. and I, personally, call upon all right-thinking citizens to make their voices heard against the proposed deportation of this man."

In October, 1947, the national C. I. O. convention in Boston adopted a resolution consistent with the same line, calling on the attorney general "to halt this persecution of leader of labor." Later, Santo voluntarily turned his back on the United States and returned to Europe.

Just said the schools will double
their present student rosters by
October, and are expected to
reach or top peak wartime opera-
tion in a few months.

The announcement yesterday did
not disclose any operation figures
but during World War II, the train-
ing center turned out more than
300,000 skilled aviation technicians
for the navy's fighting fleet.

Admiral Martin said nearly 15
per cent of the trainees will be
marine corps men.

Ed: In this bottle I have preoxide
which makes blondes, and in this
bottle I have dye that makes bur-
nettes.

Jack: And what's in the third bot-
tle?

Ed: Gin, which makes both.

Year Old CAA Violation Is Settled

Little Rock, Aug. 10 - (AP)
— Year-old charges of violating fed-
eral aviation regulations, filed
against a Pine Bluff pilot, have
been settled by payment of a \$50
penalty and court costs.

Edward Vencill, a pilot for a
Pine Bluff crop dusting concern,
was charged with seven separate
counts of violating civil aeronaut-
ics board regulations in landing
and taking off at Shreveport, La.,
July 31, 1949.

Maximum penalty on each count
is \$1,000.
He paid the \$50 and the costs
yesterday in federal court here.

Cattle, hogs and sheep increased
in the U.S. in 1949 to 17 per cent
more than before the war.

A scientist has found a way
that would bring immortality
to life. He has discovered a
secret out on the state of Texas.
general in Central Park. So
enough, the statue gave a quiver
and a moment later the general
creaking a bit in the statue, dis-
embodied down from the pedestal. The
scientist was overjoyed.

"I have given you life," he ex-
claimed. "Now tell me, General, what
is the first thing you are going to
do with it?"

"That's easy," rasped the gen-
eral, ripping a gun from his holster.
"I'm going to shoot about two
million of those damn pigeons."

To the Voters of Hempstead County:

I should like to express my sincere appre-
ciation for your vote and support you gave me
on August 8th.

I shall ever be grateful.

PRESCOTT NEWS

37 Bridge Club
Meet Tuesday
Mrs. Mark Justiss, was hostess to the 37 bridge club, Tuesday afternoon. In the rooms where three tables were arranged for bridge bowls and urns of marigolds were used at vantage points. Mrs. C. P. Arnold Jr. was high score winners for the afternoon.

Mrs. Tommie Cruse, a club member, who leaves soon to make her home in Texarkana, was presented a shower of lovely personal gifts from the club members. Club guest were: Mrs. Joe Brummett, Mrs. Tilman Worthington, Mrs. Vernon Buchanan, and Mrs. Blake Scott. The hostess served a delicious dessert course.

Mrs. Tommie Cruse
Complimented
Mrs. Vernon Buchanan, and Mrs. Joe Brummett, Complimented Mrs. Tommie Cruse, with a morning party, Wednesday from 10 to 11:30, arrangements of zinnias and marigolds were used to decorate the livingroom where Mrs. Brummett, Mrs. Buchanan and Mrs. Cruse received.

Refreshments were served Buffet from a long table covered with a green linen cloth, and centered with zinnias and Marigolds. The honoree was presented a lovely going away gift. About 30 guests called.

Mr. and Mrs. W. F. Denman Sr. Bill Deuman Jr. Mr. Dale Deuman, Bobby Denman and Capt. and Mrs. Dale Denman Jr. of El Paso Texas, attended the Stuart-Tutt wedding at McGehee Tuesday afternoon at the First Presbyterian church.

Marion Black of Malvern is the guest of his cousin Clyde Buchanan.

Mr. and Mrs. Ari Fincher and daughter Patti Sue of Stephens Ark. were Tuesday night guest of Judge and Mrs. Brad Bright.

Mrs. R. P. Hamby visited her sister Mrs. J. J. Battle in Fulton Tuesday.

Mr. and Mrs. Ernest Cox, Harry Cox, and Mrs. John Barrow Jr. and son John Harry, of Hope visited relatives in Camden and El Dorado Sunday.

Mrs. J. M. McFarland, and Mrs. Thurston Runyan, of Little Rock, were guest over the week-end of Mr. and Mrs. Charlie Thompkins.

Master Bill Justiss, spent Wednesday in Hope, visiting Mr. and Mrs. Floyd Leavette.

Mary Gail Stuart
Wed In
McGehee Church
The wedding of Miss Mary Gail Stuart and Robinson Clay Tutt took

place at 6 p. m. yesterday in First Presbyterian Church, McGehee. The bride is the daughter of Mr. and Mrs. George Lofton Stuart of McGehee. The bridegroom is the son of Mr. and Mrs. Harry Tutt of Cassville, Mo.

Rev. T. Barton West officiated before an altar decorated with greenery, white gladiolus, asters and tapers. Nuptial music was provided by Mrs. J. M. Smith and William Pyron of Dermott.

The bride, given in marriage by her father, wore an imported Swiss organza over taffeta gown with an embroidered bodice and peter pan collar. Her French illusion veil fell from a cloche of shirred illusion trimmed with orange blossoms. Her only ornament was an heirloom lavalier belonging to her grandmother, and she carried a white prayer book topped with gardenias.

Mrs. Junius McMahon of Marks, Miss, matron of honor, wore white marquisette gown like that of the bride, and carried an arm bouquet of pale pink asters. Bridesmaids were Miss Ouida Riley and Miss Mary Davis of Monett, Mo. They wore white marquisette gowns similar to that of the honor attendant, and carried arm bouquets of deep pink asters. Susan Badgett was flower girl.

Robert Eriksen of Kansas City, Mo., was best man. Groomsmen were Bill Denman of Prescott and Bo Maxwell.

After a reception in the Greystone Hotel, the couple left for a wedding trip. They will be at home at Monett. For travel the bride wore a white costume suit with navy blue accessories and a gardenia corsage.

Truman Indicates He Agrees With MacArthur

Washington, Aug. 10 — (AP) — President Truman declared today that there is complete agreement between him and General Douglas MacArthur and that he is optimistic over progress of United Nations forces in Korea.

He said his feeling over the progress of the fighting in Korea is based on the optimism of his military leaders.

The President, in carefully chosen words, told a new conference he and the commander of United Nations forces in the Far East are in perfect agreement and have been ever since MacArthur has been on the job in Tokyo.

Mr. Truman reminded correspondents that he appointed MacArthur to his post and that he has been satisfied with what the general is doing.
